

JACLYN MOORHOUSE

PERSONAL STATEMENT

Final-year Computer Games Development student enthusiastic about teaching and dedicated to inspiring the next generation of learners. Experienced in leading creative activities for children, managing an independent business, and working collaboratively on technical projects. Excellent communication, organisation and planning skills with an imaginative and learner-focused mindset. Fluent in French to A-Level standard and confident in digital tools, programming and game design.

EXPERIENCE

CHILDREN'S ACTIVITY LEADER (VOLUNTEER)

Sept 2017 – Sept 2019

Mk Food Fest – Milton Keynes

- Designed and prepared creative activities for children such as craft activities, play activities and a treasure hunt
- Created an engaging experience to encourage creative play
- Managed logistics, setup and safety
- Volunteered in other aspects of the event such as running market stalls and litter picking
- Developed communication and leadership skills

ENTREPRENEURIAL EXPERIENCE

Owner of Plushie Adoption Etsy Shop

(Harris Furever Homes, 2019-present)

- Created a unique, child-friendly business model themed around "adopting" second hand soft toys
- Designed and printed adoption certificates
- Handled all customer service, marketing (TikTok, Instagram, Facebook) and order fulfillment
- 235 5-star reviews and over a thousand adoptions
- Demonstrates initiative, creativity and strong communication
- Ran this business model at real life summer fayres alongside raffles and guessing games for children to partake in – focused on making a playful and engaging activity for children

RELEVANT TECHNICAL & TEAM EXPERIENCE

Team-based university game development projects

- Worked in teams of different skill sets to build a game in Unreal Engine
- Took up the leadership position of lead programmer – lead the programming team, kept track of the project and assigned tasks to juniors
- Contributed programming, design and testing
- Mentored peers
- Experienced in explaining technical concepts clearly to non-technical teammates
